

**ADDENDUM NO. #2****March 18, 2019****South Hadley Electric Light Dept "SHELD" 2019 Fiber Optic Cable & Connectivity Bid # 2019-4D****1. General**

This addendum revises RFP documents. This addendum is issued to respondents of record prior to execution of contract, and forms a part of contract documents and modifies previously issued documents. Insofar as previously issued contract documents are inconsistent with modifications indicated by this addendum, modifications indicated by this addendum shall govern. Where any part of the contract documents are modified by this addendum, all unaltered provisions shall remain in effect.

**2. Addendum Acknowledgement Form**

Acknowledge receipt of this addendum in the space provided on the Addendum Acknowledgement Form. Proposers must include the signed form with their response. Failure to do so will subject Proposers to disqualification.

**3. Changes and Clarifications**

See Document Information in this addendum, SHELD responses are highlighted.

**4. Attachments**

- a. The email from Bidder received on March 13, 2019
- b. The email from Bidder received on March 15, 2019
- c. The email from Bidder received on March 18, 2019

**ACKNOWLEDGEMENT FORM**

As required by the RFP, Proposers must submit this acknowledgement form with their response. One acknowledgement form per response, listing all addenda, is appropriate.

**Subject:** MVT19022 MVA Power Inc - South Hadley Electric Light Department "SHELD" - 2019 Fiber Optic Cable & Connectivity Bid #2019-4D

Good morning Kim Mendoza,

Thank you very much for this opportunity please clarify:

- 1) do we have to quote on all bid categories?
- 2) will all items / bid categories be a worded to multiple or one bidder?

Please reply ASAP

B Regards

**Subject:** RE: Bids for Fiber Optic Cable & Connectivity

Hi Kim,  
Thanks for sending that over.  
My team has a couple of questions I'm hoping you can address:

Do you want 20,000ft spools or broken into 1000ft each, etc..?  
Are the reel dimensions important? Are those dimensions with or without cabling on them?  
What SPAN of the cable are you looking for (examples is it could be 80km or 100km)?

Looking forward to getting this done!  
Thanks,

---

**SHELD RESPONSE:** by Bobby Liswell Telecom Manger

*The request of 20,000ft reels are per owners needs and shipping requirements. OFS cable specifications are standard for OSP installations in the northeast, see OFS factory specifications when proposing span lengths or contact Steven O'Brien OFS Sales Manager at 401-598-6390 or email: O'Brien Stephen E (Stephen) [sobrien@ofsoptics.com](mailto:sobrien@ofsoptics.com)*

**Subject:** RE: SHELD: BID # 2019-4D

Good Morning Kim,

I have a quick question for you on the FOSC Commscope Closures.

These are not valid FOSC450 configurations. Can you please review and advise.

FOSC -450 A-4-A24-2-T-NV 24	perhaps FOSC450-A4-4-NT-0-XXX
FOSC -450 BS-6-A24-3-B-NV 24	perhaps this one FOSC450-B6-6-NT-0-B3V
FOSC -450 B6-6-A24-3-B-NV 24	same as above
FOSC -450 D6-6-A72-3-6-NV 24	perhaps this one FOSC450-D6-6-NT-0-D3V

I've attached the FOSC450 guide for your review. Let me know, if those are what you were referring to for this project.

Thank You,  
 Thomas Weiler
