

Access SHELD's Incentives Today!

Monitor and Control Charging of your
Electric Vehicle from
the Palm of your Hand!

As part of our efforts to accelerate clean transportation alternatives in Massachusetts while effectively managing our distribution system, **South Hadley Electric Light Department** is partnering with our energy efficiency program manager **MMWEC**, to provide free of charge*, for a limited time, Wi-Fi-equipped Level 2 residential electric vehicle chargers to customers signing on to our **Scheduled Charging Program**.

What is a Scheduled Charging Program?

Scheduled charging is a set schedule to determine when you can and cannot use your charger at full power. Through the Wi-Fi connection enabled in your charger, **SHELD** can curtail the charge rate during periods of peak energy usage for the rest of our distribution system.

How it Works:

Between the hours of 5:00 p.m. and 9:00 p.m. on non-holiday weekdays, your charge level will be reduced in time with daily peak energy use. Outside of this time period, the charger will automatically unlock to allow you full Level 2 fast-charging functionality.

Emergency Scheduling

Sometimes major events happen on the electrical system outside of our control. To respond to these events, emergency scheduling allows **SHELD** to temporarily access your charger via Wi-Fi connection to lower your charging rate until the event passes. This limits strain to our system and allows us to continue to deliver low-cost, reliable electricity.

- **Did You Know:**
 - Costs for these peak charging events are spread across **SHELD's** entire residential customer base.
 - Modern electric vehicles utilizing Level 2 charging can go from empty to full-charge in eight hours or less, ensuring that your car will be fully charged at 5 a.m.
- Full Battery EVs*
- **SHELD's** Scheduled Charging Program provides you with a **Free** Chargepoint Wi-Fi Equipped Level 2 charge (a \$650 value); customer arranges installation.
- *NEW!** Plug in Hybrid EVs (PHEVs)
- Plug in Hybrid Drivers are eligible to receive an incentive to cover a portion of the charger costs. Please contact MMWEC to learn how to receive your incentive!

For more details on this program or to learn how to get your Free Level 2 Wi-Fi-equipped home vehicle charger, please call **413-589-0141** or email EV@mmwec.org
